Dear Dr. Mannucci:

As you may be aware, Cabrini Medical Center is in the midst of a major restructuring project intended to reverse the effects of several years of operating losses and ensure the future of the Medical Center. This turnaround effort is at a critical juncture and the Medical Center is in desperate need of working capital in order to maintain operations until the effects of this effort can be realized. As a result, we must temporarily move \$486,000 from the deferred compensation investment account designated for your benefit into the Medical Center's general operating account. It is expected that these funds, along with any interest that would have accrued, will be returned to the deferred compensation investment account during 2007. We regret the fact that we must take this action at this time. Please be assured that Cabrini Medical Center is committed to fulfilling its obligation under the Deferred Compensation Agreement with you, including making the 2007 distribution, and will keep you informed of the progress of our efforts to replenish the deferred compensation investment account.

Sincerely,

Robert Chaloner
President/ CEO

Re: Cabrini Hospital Deferred Compensation Agreements

Dear Ms. Harrison:

We represent Cabrini Medical Center ("Cabrini"), and are writing in response to your letters dated August 9, 2007, September 10, 2007, and September 19, 2007, requesting certain documents relating to deferred compensation agreements between Cabrini (or its predecessors) and your clients, Dr. Mannucci, Dr. Padula, Dr. Salvioni and Dr. Taranra. Cabrini is the administrator with respect to those agreements.

Cabrini believes that the deferred compensation agreements between your clients and Cabrini constitute an ERISA Top Hat Plan, and, therefore, many of the documents which you requested are not required to be created or filed by a Top Hat Plan: e.g., summary plan descriptions and amendments, and reports filed with state or federal authorities. Based on Cabrini's searches of its files to date, such documents do not exist.

Without acknowledging that Cabrini has an obligation to do so, we are authorized to provide the following documents: (1) the Deferred Compensation Agreements executed by each of your clients (except for Dr. Mannucci, because, to date, Cabrini has been unable to locate an agreement signed by him); and (2) all correspondence between Cabrini and each of your clients (or other documents signed by your clients) with respect to the Deferred Compensation Agreements. These documents are being delivered to you along with this letter.

While Cabrini chose to maintain separate mutual fund accounts with respect to each Deferred Compensation Agreement, under the terms of each agreement the shares held in those accounts were the exclusive property of Cabrini. Those agreements provide: "Employee shall have no right in such mutual fund shares, which shall be the absolute property of the Corporation." At the end of 2006 (and continuing

through 2007), Cabrini elected to close those separate accounts and transfer the account balances to its general accounts. The amounts transferred with respect to each of your client's agreements is:

Dr. Mannucci	\$771,843.47
Dr. Padula	\$265,962.29
Dr. Salvioni	\$619,645.51
Dr. Taranta.	\$1,298,724.74

Cabrini is currently determining what amounts may be owed to your clients in 2007 pursuant to the Deferred Compensation Agreements.

Thank you for your courtesy for agreeing to an extension of time to allow Cabrini to attempt to find the documents you requested.

Very truly yours,

Jay P. Warren
